

New Hampshire's Guide to Medicare Supplement Insurance

2025

Companies, Rates and Useful Information

Published by the New Hampshire Insurance Department

Version 2025-2.0; Dated 12/05/24

*** Special Notes ***

1. Rates quoted within this guide are available during **initial enrollment periods** or guaranteed issue periods.
2. Quoted rates are **generally** available to individuals who are renewing coverage with the specified company.
3. Individuals who are changing plans or who would like to obtain a renewal rate with a specific company should contact the company directly.
4. Starting January 1, 2020, Medicare Supplement plans sold to new people with Medicare won't be allowed to cover the Part B deductible. Because of this, Plans C and F will no longer be available to people new to Medicare starting on January 1, 2020. If you already have either of these 2 plans (or the high deductible version of Plan F) or are covered by one of these plans before January 1, 2020, you'll be able to keep your plan. If you were eligible for Medicare before January 1, 2020, but not yet enrolled, you may be able to buy one of these plans.
5. This brochure represents only those insurance companies with approved and verified plans and rates, as of the date above. Whereas this brochure will be updated periodically, as additional company plans and rates are reviewed, please visit our website at www.nh.gov/insurance to view the updated brochure. You may also contact the NH Insurance Department's Consumer Services Division at 1-800-852-3416 (option #2) to obtain updated plan and rate information.

MEDICARE SUPPLEMENT (MEDIGAP) CONSUMER TIPS

Understand the insurance coverage you are buying

- Medicare Supplement Insurance (also known as MedSupp and Medigap) is different than Medicare (Part A/B), Medicare Advantage and Medicare Part D.
- A Medicare Supplement Insurance policy helps pay some of the health care costs that original Medicare doesn't cover, such as copayments, coinsurance and deductibles.
- For additional information about all types of Medicare coverage policies, including enrollment periods, please visit Medicare.gov, speak with a local agent or contact a state-certified, Medicare Counselor at ServiceLink (866-634-9412).

Shop carefully before you buy

- Compare benefits, services and costs.
- Insurance companies may charge different premiums for exactly the same Medigap coverage. As you shop, be certain you are comparing the same Medigap plan.

Read your policy to understand coverage and coverage limitations

- Know how your policy coordinates with any other coverage(s) you may have.

Make sure that all the information on your application is correct

- An incorrect application may cause the insurance company to cancel your policy or leave you with unpaid claims.
- Health underwriting is not allowed for those individuals newly eligible to Medicare or if changing plans during a guarantee issue period.
- When health information is necessary, describe your health status completely and accurately.
- It is best, if you complete the application yourself. If your agent completes the application on your behalf, do not sign the application until you have verified that all information is complete and accurate.

Do not pay with cash

- Pay by check, money order or bank draft, payable to the company – not the agent.
- Do not give your agent a blank check or access to your bank account.
- If you have an automatic teller machine (ATM) card, do not give your card or your access code to anyone.

If you do not receive your policy within 45 – 60 days, contact the company or agent.

- If after contacting the company and/or agent you still do not receive your policy, or if you suspect fraud, contact the New Hampshire Insurance Department's Consumer Helpline, toll-free at 1-800-852-3416.

Seek Help

If you have questions or are unable to resolve a problem with your insurance company or agent, contact:

- The New Hampshire Insurance Department's Consumer Division at 800-852-3416, via email at consumerservices@ins.nh.gov or in writing at 21 South Fruit Street; Suite 14; Concord, NH 03301.

How to read the chart:

1. If an "X" appears in a column of this chart, the Medigap policy covers 100% of the described benefit.
2. If a column lists a percentage, the policy covers that percentage of the described benefit.
3. If a column is blank, the policy does not cover that benefit.
4. Only applicants who are first eligible for Medicare before 2020 may purchase Plans C, F and High Deductible F.

¹ Plan F and G also have a high deductible option which require first paying a plan deductible of \$2,870 before the plan begins to pay. Once the plan deductible is met, the plan pays 100% of covered services for the rest of the calendar year. High deductible Plan G does not cover Medicare Part B deductible. However, high deductible plans F & G count your payment of the Medicare Part B deductible toward meeting the plan deductible.

² Plans K and L pay 100% of covered services for the rest of the calendar year once you meet the out-of-pocket yearly limit.

³ Plan N pays 100% of the Part B coinsurance, except for a co-payment of up to \$20 for some office visits and up to a \$50 copayment for emergency room visits that do not result in an inpatient admission.

Notes: State Farm does not offer a monthly premium mode. However, each policyholder has the option to participate in the State Farm Payment Plan (SFPP), which allows policyholders to combine all their insurance coverage payments into one monthly payment. Under this plan, the policyholder has a semi-annual mode but makes a monthly payment equal to 1/6 of the semiannual payment. Above are the rates that are 1/6 of the semiannual payment.
